

# Beer Pong Rules

- 1) To start each match we flip a coin to see who goes first. Each person on each team gets two shots per round. If the a player gets the ball in a cup, the opposing team must drink the beer from that cup.
- 2) If a team is able to sink the ball into the same cup the opposition has to drink that cup and the team gets to shoot again.
- 3) The only two throwing motions acceptable is a lob or a bounce. No line drives.
- 4) Defense is allowed on a bounce. The opposition can swat the ball away. If a cup is knocked over it is taken away. If the team gets the ball into the cup on a bounce its 2 cups. Its best to pay attention at all times.
- 5) If a team interferes with the other teams shot while in the air it's a cup penalty.
- 6) Distraction are encouraged. You can talk as much shit and heckle as much as you want!
- 7) Babe Ruth rule: Each team is allowed one Babe Ruth shot per game. This is a bounce shot with no defense. You have to call which cup you are going to put it in. Its two cups if made.
- 8) Reracks are allowed after 6,4,and 2 cups are left. It cannot reracked in a vertical or horizontal row until 2 cups left.
- 9) Make sure to wash off balls in the rinse water cup after every turn. Especially when the ball hits the floor.
- 10) If game comes down to final cup each team gets

turn to hit final cup. If both teams make final cup then overtime!

- 11) In overtime each team chooses one person from their team. Then two cups are filled till one winner is reached. If tie again same thing and we go until a winner is declared!

These are the rules for this month. We will be playing for the next five months. If you have any suggestions or complaints then please let me know. I love this game and am always trying to make it better.

**Thank you for showing up and may everyone get there balls wet as much as possible!**
